DEFENDANTS

ORDER

Joint report, *No* 125, noted. After much discussion, and consideration of alternatives, the interrogatories and related Rule 30(b)(6) deposition were the agreed resolution. Request for production of background information denied. Plaintiffs can explore these issues in detail during the deposition. SEECO's answers provide Plaintiffs enough information to use in preparation with Plaintiffs' expert. If raw seismic data turns out after the deposition to be critical, we'll revisit the issue along the lines discussed at the hearing. Request for extension of deadlines denied: the parties must find a mutually convenient date for the deposition on the current timetable. The Court has

just amended the Scheduling Order and declines to do so again absent extraordinary circumstances.

So Ordered.
